PerkinElmer's DiVincenzo Joins ALDA Board

Alexandria, VA (February 24, 2014) — Jon DiVincenzo, President of Environmental Health at PerkinElmer, has been appointed to the ALDA Board of Directors.

Mr. DiVincenzo joined PerkinElmer in November 2013. Previously, Mr. DiVincenzo served as the President and Chief Executive Officer of Enzymatics, a leading provider of molecular biology reagents. He previously worked at Millipore for 18 years, where he last served as President of the Bioscience division and also led the company's Lab Water business, one of Millipore's fastest growing businesses.

Mr. DiVincenzo has over 25 years of experience successfully building global businesses across various scientific industry segments including biotech, pharmaceutical, academic, and clinical institutions.

Mr. DiVincenzo holds a Bachelor of Science in Mechanical Engineering from Northeastern University where he currently serves on the Advisory Council of the College of Engineering.

In announcing the appointment, Michael Duff, ALDA President, said "Jon DiVincenzo was an active member of our ALDA Board during his service at EMD Millipore. Jon brings a wealth of knowledge, experience and insights. His understanding of the life science and diagnostics business and how both are evolving will be a valuable asset especially as we implement our diagnostics initiative and work to increase the value proposition of membership in ALDA."

For more information regarding ALDA, contact Mike Duff, President, at 703-647-6214. More information regarding ALDA, its purposes, objectives and programs, and links to its members' websites can be found at www.thealda.org

Based on the Washington DC suburb of Alexandria, VA, ALDA is an industry trade association for companies that develop and supply life science, analytical and diagnostic products and services used to conduct research, drug discovery, QA/QC testing and diagnostics in a wide range of industries and applications. Major customer segments include pharmaceuticals, biotech, academic and government research, food safety and environmental testing, personalized medicine and diagnostics.

ALDA's Mission is to be an advocate for our industry and a valuable aid to our members' global business success and to their customers' advancement of healthcare, science and industrial innovation by providing meetings with strategic content, networking, global market and business intelligence, and insights on emerging technologies, markets and business strategies.
