GE Healthcare's Kieran Murphy Joins ALDA Board

Alexandria, VA (June 8, 2015) — Kieran Murphy, President and Chief Executive Officer of GE Healthcare Life Sciences, has been appointed to the ALDA Board of Directors.

GE Healthcare Life Sciences provides a broad range of technologies and services for drug discovery, pre-clinical and clinical development and biopharmaceutical manufacturing, as well as molecular tools for diagnostics, therapy selection and treatment monitoring in patient care. Mr. Murphy was appointed CEO in May 2013, following a strategic decision to combine the product and technical capabilities of two former GE Healthcare units, Life Sciences and Medical Diagnostics.

Mr. Murphy joined GE Healthcare in 2008 from Whatman plc, a global supplier of filters and membranes for laboratory research, life sciences and medical diagnostic applications. He has over twenty years' experience in the global life sciences and biotechnology industry

In announcing the appointment, Michael Duff, ALDA President, said "Kieran Murphy brings a wealth of knowledge, experience and insights. His understanding of the life science and diagnostics business and how both are evolving will be a valuable asset especially as we continue to implement our diagnostics initiative and work to increase the value proposition of membership in ALDA."

For more information regarding ALDA, contact Mike Duff, President, at 703-647-6214. More information regarding ALDA, its purposes, objectives and programs, and links to its members' websites can be found at www.thealda.org

Based on the Washington DC suburb of Alexandria, VA, ALDA is an industry trade association for companies that develop and supply life science, analytical and diagnostic products and services used to conduct research, drug discovery, QA/QC testing and diagnostics in a wide range of industries and applications. Major customer segments including pharmaceuticals, biotech, academic and government research, food safety and environmental testing, personalized medicine and diagnostics.

ALDA's Mission is to be an advocate for our industry and a valuable aid to our members' global business success and to their customers' advancement of healthcare, science and industrial innovation by providing meetings with strategic content, networking, global market and business intelligence, and insights on emerging technologies, markets and business strategies.
