Rohit Khanna of Waters to Join ALDA Board

Alexandria, VA (March 9, 2016) — Dr. Rohit Khanna, Senior Vice President of the Applied Technology Group, at Waters Corporation, has been appointed to the ALDA Board of Directors.

Dr. Khanna replaces Art Caputo, formerly President of Waters, who has retired. Christopher J. O'Connell was named President, CEO, and a member of the Waters Corporation Board of Directors in September, 2015.

Dr. Khanna was appointed Senior Vice President, Applied Technology in February 2016. Dr. Khanna previously served as Vice President, Worldwide Marketing and Informatics since 2002 and also held several senior positions with Waters, including Vice-President, Customer Assurance and Vice President, Data Products. Dr. Khanna joined Waters in 1986 when Dynamic Solutions, a company co-founded and managed by Dr. Khanna, was acquired.

Dr. Khanna received a B.S. in chemical engineering from Purdue University. He then attended California Institute of Technology as a National Science Foundation Fellow where he completed his doctorate in chemical engineering.

Among various other honors, Purdue University named Dr. Khanna an Outstanding Chemical Engineering Alumni in 1991 and Distinguished Engineering Alumni in 2015. He has been an active participant in ALDA for more than 25 years.

For more information regarding ALDA, contact Mike Duff, President, at 703-647-6214. More information regarding ALDA, its purposes, objectives and programs, and links to its members' websites can be found at www.thealda.org

Based on the Washington DC suburb of Alexandria, VA, ALDA is an industry trade association for companies that develop and supply life science, analytical and diagnostic products and services used to conduct research, drug discovery, QA/QC testing and diagnostics in a wide range of industries and applications. Major customer segments including pharmaceuticals, biotech, academic and government research, food safety and environmental testing, personalized medicine and diagnostics.

ALDA's Mission is to be an advocate for our industry and a valuable aid to our members' global business success and to their customers' advancement of healthcare, science and industrial innovation by providing meetings with strategic content, networking, global market and business intelligence, and insights on emerging technologies, markets and business strategies.
