Dr. Carey-Ann Burnham to Speak at ALDA Breakfast

Alexandria, VA (April 13, 2018) — Dr. Carey-Ann Burnham, an Associate Professor in Pathology & Immunology at the Washington University School of Medicine in St. Louis, will be the guest speaker at ALDA's Breakfast for senior executives attending the AACC's (American Association for Clinical Chemistry) 2018 Annual Meeting in Chicago.

Dr. Burnham's research has focused on improvement of diagnostic methods for clinical microbiology. She also is interested in antimicrobial resistance, with a focus on the transmission and epidemiology of multidrug resistant organisms (MDROs). She is also a board-certified medical microbiologist and is the medical director of the Clinical Microbiology Laboratory for Barnes-Jewish Hospital, and the program director for Washington University in St. Louis' CPEP accredited Fellowship in Medical and Public Health Microbiology.

Dr. Burnham hold a B.Sc. degree in Medical Laboratory Science (with Distinction) and a Ph.D. in Medical Science from the University of Alberta, in Edmonton, Alberta, Canada. She also performed a Fellowship in Clinical Microbiology at the Washington University School of Medicine.

For more information regarding ALDA, contact Mike Duff, President, at 703-647-6214. More information regarding ALDA, its purposes, objectives and programs, and links to its members' websites can be found at www.thealda.org.

Based in the Washington DC suburb of Alexandria, VA, ALDA is an industry trade association for companies that develop and supply life science, analytical and diagnostic products and services used to conduct research, drug discovery, QA/QC testing and diagnostics in a wide range of industries and applications. Major customer segments including pharmaceuticals, biotech, academic and government research, food safety and environmental testing, personalized medicine and diagnostics.

ALDA's Mission is to be an advocate for our industry and a valuable aid to our members' global business success and to their customers' advancement of healthcare, science and industrial innovation by providing meetings with strategic content, networking, global market and business intelligence, and insights on emerging technologies, markets and business strategies.
